

TELEMEDICINE CONSULTATION BOOKING PLATFORM

TEAM NAME : DESIGN DYNASTY

TEAM LEAD : AMSA LAKSHMI K

TEAM MEMBER : NEHAA R

PROBLEM STATEMENT

The Telemedicine Consultation Booking Platform is an online healthcare solution that allows patients to book doctor appointments, attend video consultations, and receive digital prescriptions. It provides fast, secure, and convenient medical services from anywhere, reducing travel and waiting time.

TARGET AUDIENCE:

- Patients
- Doctors
- Hospitals
- Clinics
- Healthcare Providers

PAIN POINTS:

- Long waiting time
- High travel cost
- Limited specialist doctors
- Slow appointment booking
- Poor medical record management
- Difficult access in rural areas

SOFTWARE & PLATFORMS TO BE USED :

- Figma
- Stitch
- Antigravity IDE
- ChatGPT
- Claude AI
- Gemini AI
